Stand: 11/2009

<u>Jahr</u>	<u>Titel</u>	<u>Dauer</u>	<u>Nr.</u>
2009	BAM TTS "Test Site Technical Safety" Presidential Staff Office "Corporate Communication, Press Office"	08:21	068
2009	SUSAN englisch Division "Waste Treatment and Remedial Engineering"	12:38	066
2009	RESOLVED englisch Division "Waste Treatment and Remedial Engineering"	14:06	064
2009	Pyrotechnics Division "Explosives"	08:37	062
2007	RecArc – Recycling of Residues from Metallurgical Industry with the Arc Furnace Technology Division "Waste Treatment and Remedial Engineering"	13:46	060
2005	Lifecycle of Fibre Reinforced Plastics Division „Mechanic Behaviour of Polymers“	08:12	058
2002	Testing for Safety Division „Safety of Transport and Storage Containers“	17:22	056
2001	Dangerous Goods Packagings Division "Dangerous Goods Packagings"	11:27	053
2001	The BMVBW informs: Bridge Deck Surfacing for Concrete Constructions Laboratory "Bituminous Materials; Sealing Technology"	55:00	051
2001	CASTOR-Cask beside an exploding Propan Rail Tank Car Division „Safety of Transport and Storage Containers“	07:30	049
1999	Tank Waggon tested in Fire Division „Tanks for Dangerous Goods and Accidental Mechanics“	16:39	047
1999	Non-Destructive Characterisation of Advanced Materials Laboratory "General X-Ray Topography"	07:55	045
1999	Load Bearing Capacity - Analysis and Assessment Division "Buildings and Structures"	12:00	043
1998	Asphaltic Plug Joints Laboratory „Bituminous Materials; Sealing Technology“	13:50	041
1998	Testing Reinforced Concrete Laboratory „Structural Safety“	11:18	039
1998	IBCs on Fire Division „Transport Safety of Packages and Bulk Containers“	13:14 min	037
1998	Biodegradable Plastics Division „Biology in Materials Protection and Environmental Issues“	07:40 min	035

1997	Testing of Tanks for Dangerous Goods Division „Tanks for Dangerous Goods and Accidental Mechanics“	10:46 min	025
1997	Fire Engineering Laboratory „Fire Engineering“	16:10 min	033
1996	Hydrogen Energy - clean and safe Division „Gas Plants“,	10:23 min	031
1995	Drop Tests with the Pollux-Container-System Division „Safety of Transport and Storage Containers“	07:11 min	029
1995	Wrapped Reichstag Divisions „Buildings and Structures“ and „Mechanics of Polymers and Composites“.	11:16 min	027
1993	Hightemperature Materials for Power Station Turbines Laboratory „Mechanical Behaviour of Metals and Metal-Matrix-composites“.	06:45 min	023
1993	Technical Cooperation Turkey - Germany Division „Quality in Testing“.	10:40 min	021
1993	Accreditation in Germany Devision „Quality in Testing“	09:15 min	019
1991	Remaining Fatigue Life of Old Steel Bridges Laboratory „Structural Safety“	03:30 min	017
1990	BAM-Drop Test for Cylinder Valve Protection Devices Laboraty „Hydrogen Technology; Gas Apparatus“.	02:27 min	015
1987	A General Survey till 1987 The BAM and its work till the year 1987	27:00 min	010
1984	Flüssiggastanks in der Feuerprobe (englische Vers) Division „Safety of Transport and Storage Containers“.	06:34 min	005
