

Curriculum Vitae

Prof. Dr. rer. nat. Ulrich Panne

- born 1964 in Hamm (Nordrhein-Westfalen)
- Abitur 1983
- Study of chemistry at the Technical University Dortmund, Germany, and University College London, UK
- Ph.D. studies in Analytical Chemistry at the Technical University Munich (TUM)
- Post-Doc at the Environment Institute of the Joint Research Centre Ispra (1993/94)
- Habilitation and Privatdozent for Analytical Chemistry at the Technical University Munich (2001)
- Offer for a C4-Professorship for Analytical Chemistry at the University Leipzig (2003)
- Head of Department 1 "Analytical Chemistry; Reference Materials" (2004) of the Bundesanstalt für Materialforschung und -prüfung (BAM) and
- W3(S)-Professorship for Instrumental Analytical Chemistry at the Humboldt-Universität zu Berlin
- President of the Bundesanstalt für Materialforschung und -prüfung (BAM) (September 2013)

Research Areas

- Analytical Chemistry with a focus on spectrochemical analysis
- Laser spectroscopy, especially laser-induced plasma spectroscopy (LIBS), fluorescence and Raman spectroscopy, photothermal methods
- Process Analysis and chemometrics

Present honorary position

- Speaker of the Graduate School of Analytical Sciences Adlershof SALSA of the Humboldt-Universität zu Berlin
- Speaker of the Initiativgemeinschaft Außeruniversitärer Forschungseinrichtungen in Adlershof e. V. (IGAFA)
- Board of management GDCh
- Speaker DFG Fachkollegium 304 Analytik, Methodenentwicklung (Chemie)

Awards

- Scholarship of the Studienstiftung des Deutschen Volkes, Fonds der Chemischen Industrie and Marie Curie program
- Award GDCh-Fachgruppe Analytik (1997)
- Adolf-Martens-Award for Analytical Chemistry (2001)
- Fresenius-Award GDCh (2009)
